2. The PCC for Essex is committed to ensuring victims of sexual abuse are supported to disclose abuse and are able to access good quality support that enables them to cope and recover from their experience. Prior to taking on full responsibility for the commissioning of victims services in April 2015 the PCC undertook a profile of victims’ needs. This assessment showed a lack of consistency and capacity for support services for victims of sexual abuse. In order to address this the PCC increased funding to the local rape crisis centres in Essex in 2015-16. In April 2016-17 the PCC awarded the Essex Rape Crisis Partnership a £3.4m 5-year contract to deliver a countywide support and advocacy service for child and adult victims of sexual abuse. This approach was highlighted as an example of good practice in the Home Office’s Violence Against Women and Girls (VAWG) commissioning toolkit in December 2016. For the last two years the PCC for Essex has provided an additional £115,000 of funding to the Essex Rape Crisis Partnership in response to an increase in demand for support and to address the issue of waiting lists, particularly in the North of the County. The PCC works through the Essex Sexual Abuse Support Pathway board to ensure a partnership approach to rape and sexual abuse and has made representations to national government to improve the stability and consistency of funding arrangements for the sector.
