Essex Police Performance Summary: To January 2016

1. Introduction

This performance summary is designed to pictorially represent how individual districts are performing within each crime type.

The report includes:

- Charts to show the cumulative (from April) percentage differences between the number of offences, and the percentage pt. differences between the solved rates, in each district, for the current period compared to the same period the previous year.
- Tables of data relating to both cumulative and rolling figures for this district.

Solved Rate: Essex Police could potentially still be under-extracting the number of crimes that have been solved.

2. Current Position
