An Annual Plan is produced by Essex County Fire and Resuce Service to set the strategic direction of the Service and align activity to the Fire and Resuce Plan.

46 activities were identified on the 2020/21 Annual plan, in November 2020 members of the Service Leadership Team met to carry out a detailed review of the Annual Plan. The outcomes of the review were fed back to the wider Extended Leadership Team and feedback was collated. Appendix 1 provides an overall update against the progress on each annual plan activity and a projected end of year status for all activities.
