

Fire Safety At Home

TEST YOUR SMOKE ALARM

A working smoke alarm will alert you to the first sign of fire so you have time to get out, stay out and call 999. Install one on every level of your home and test it regularly.

STAY SAFE AT HOME

#ProtectingandServingEssex

Essex County Fire and Rescue Service wants everyone to stay safe at home.

One of the easiest things you can do to keep your family safe is to ensure you have working smoke alarms on every level of your home. If you or someone you know doesn't have working smoke alarms at home, Essex County Fire and Rescue Service can fit them for free during a home fire safety visit. Book a visit at www.essex-fire.gov.uk/book

If you do discover a fire never try to tackle it yourself. Get out, stay out and call 999.

Need to contact Essex Police about something that's a non-emergency?

Now there's a quick online alternative to calling 101 or visiting a station - **DIGITAL 101**

Do it online at:
